EQUAL (Empowered Queers United for Absolute Liberation) is a student group at the Colorado College. We function as a social and political group for transgender, lesbian, gay, bisexual, queer, kinky, and questioning folks as well as people into BDSM, rock stars, tomboys, tough kids, sissy boys, and genderfuckers. All meetings are confidential and we welcome new people to come to the meetings at any time! We meet Tuesdays at 6:00 pm at the Interdisciplinary House, which is located at 821 N. Cascade Ave. in Colorado Springs.

QSA (Queer Straight Alliance) is a student group involved in fostering a positive relationship between queer and straight students on campus. Anyone is welcome to attend, regardless of sexual orientation. QSA provides a place for supportive straight folks to get involved with the queer community at CC. Meetings are Thursdays at 5:00 pm in the Student Cultural Center.

about spectrum

Who are we?

SPECTRUM is a student run organization at the University of Colorado at Colorado Springs. Our mission is to provide a means of social interaction, support, community involvement and visibility for the lesbian, gay, bisexual and transgender (LGBT) community and their supporters. We do this by organizing and participating in campus-wide activates such as National Coming Out Day, organizing round-table discussions and having a good time. In addition we provide educational materials to help fight homophobia. SPECTRUM tries to work closely with the LGBTQ community and other LGBTQ college organizations in the Colorado Springs area to help us in our mission.
